

DOING BUSINESS IN THAILAND

DATE : 6 APRIL 2006

TIME : 9.00AM – 5.00PM

VENUE : INTERCONTINENTAL HOTEL, SINGAPORE

Thailand is one of Asia's top growing economies. The Thai government is actively encouraging economic expansion by granting privileges to foreign and domestic companies operating in and exporting from its designated industrial zones. These benefits include reduced taxation, lower import duties and exemption from certain labour laws. Such a model for economic growth ensures that companies currently conducting or planning to do business in Thailand can benefit greatly.

'*Doing Business in Thailand*' is an intensive one-day conference providing the necessary information on current business restrictions, legislation and taxation implications ensuring your business not only complies but also succeeds in its Thai venture.
